

Finance_Project

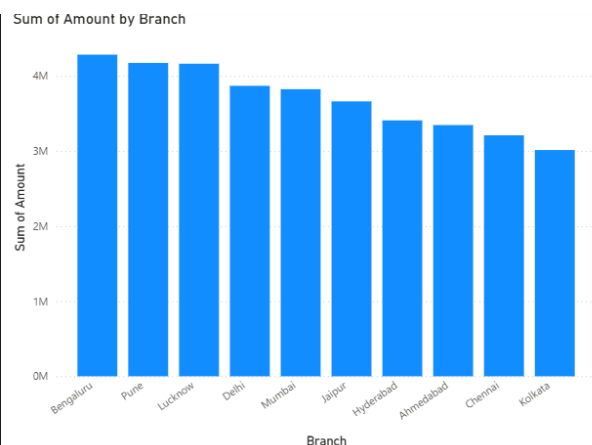

Total transaction value kitni hai?

ANS- The total transaction value is \$36.96 million across 500 transactions.

Kaunsa account type sabse zyada revenue generate karta hai?

ANS- Current Account generates the highest transaction value of approximately \$12.92 million, making it the top-performing account type in the dataset.

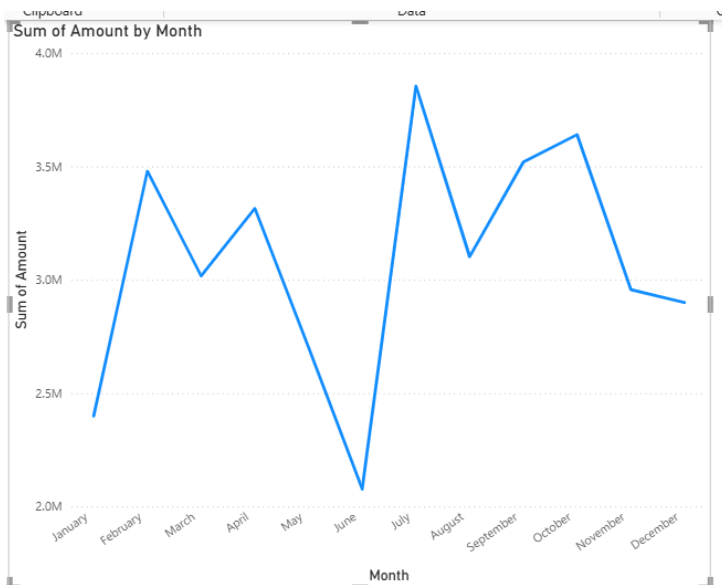

Kaunsa branch best perform kar raha hai?

ANS-

Bengluru branch

Monthly transaction trend kya hai?

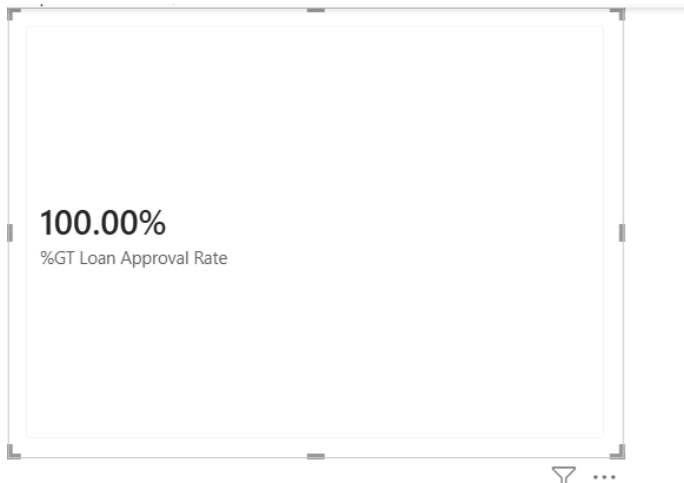

ANS-

High-risk customers kaun hain?

KEY INSIGHTS

- Total transaction value is approximately **\$36.96 million**.
- The dataset contains **147 unique customers**.
- **Current Account** generates the highest transaction value among the account types.
- **Online** is the most frequently used transaction channel.
- Monthly transaction activity fluctuates throughout the year.
- The branch with the highest transaction value is the best-performing branch.
- Customers with lower credit scores and rejected loan applications may require further risk analysis.
